

IMAGINE IT smart pockets

Stylish presentation in a modern workspace

IMAGINE IT Smart Pockets is the most flexible system for presenting ambient images, documents and product photos. Unleash your imagination and vary the layout and size. The double-sided Smart Pockets are available in A3 and A4 versions and the rails are height adjustable, immediately giving a different effect. But better still, the system as a whole looks splendid. Streamlined, uncluttered and modern. As well as the practical considerations, IMAGINE IT Smart Pockets is an extremely aesthetic choice that merges with interior décor and design. The double-sided Smart Pockets can easily be clicked into the rail and they have a subtle notch at the side where you can easily change the content. Opt for an A3 or A4 size, or combine both for a more playful result.
